COVER .. MATTAPOISETT WHARF SPRINGS TO LIFE
The bonus of a series of unseasonable late spring like days has rekindled the activity at the waterfront. This was the Patriot's Day scene at the Mattapoisett wharf as boat owners took advantage of the warm sun to work on their craft. The boat with the black hull is the "Voyager" and "Magic Venture" of New York undergoes a refinishing job beside her.

MEETING WITH COUNCIL ON AGING

The Mattapoisett Council on Aging met with Selectmen at their last meeting in order to clear up confusion as to the rental fee for the Legion Hall. The Council members told the Selectmen that they, as a group, do not use the hall at all because they have a room at Town Hall. They seemed to think that any confusion as to rental fee stems from the fact that several people on both sides have done the negotiating. Domingo Sylvia, chairman, said that the original figure at which the hall was offered for use was $65. When the Nutritional Program was instituted, he said, the Legion wanted $100. per month because of the increased use of the hall and the seniors considered that a fair figure. The breakdown of this figure, he stated, was $65. from the Nutritional Program, $20. from the Senior Citizens' Club and $15. from the Council on Aging. Mr. Sylvia and the other Council members said that they considered this to be a fair figure which they thought they could raise. The Selectmen inquired if this agreement had been committed to paper. Mr. Sylvia said that David Alves had been the negotiator and that he was quite sure that a memo of agreement had been part of the talk. Mr. Sylvia indicated that several Legion members had involved themselves in the affair and that subsequent revised figures stemmed from the too many

cooks syndrome. The Selectmen held up a letter in which the Legion now required $165. per month. The Council members indicated that the figure was excessive for the hall use and said they could not raise that sum of money. A similar problem had arisen from the installation of a phone at the Legion Hall. A phone was wanted for emergency provision by the seniors. One Legion member had agreed with the provision that the phone be locked for the exclusive use of the seniors. The phone was installed with a lock. A key was given to a member of the Legion. Shortly thereafter the lock disappeared and the phone is now open for any use. The Council members seemed to agree that too many people with no intercommunication are involved with the making of the problem.

Further discussion was held on the mini bus which is the subject of many phone calls to Selectmen in time which should be their own. Mr. Sylvia said that the trouble stems mostly from the fact that every senior in each remote corner of the town wants to be picked up at the same time and transported directly to the hall for lunch with no delay. He said that,

furthermore, this is expected with no prior arrangement since they don't call the phone manned by the Council on Aging for the express purpose of arranging the transportation. Instead, they phone the Selectmen's office which has nothing to do with it or later call the Selectmen at home to register complaints. It was agreed that further attempts be made to get the seniors to arrange their ride through the proper channel which is the Council on Aging phone and that everyone be given to understand that the bus has a route to run throughout the town and that it cannot function as a taxi.

Alfred Faria concerning an incident which happened during the last snow storm. The police chief finding snow across his walk at home had pulled snow crews off the job and brought them into the police station by cruiser for questioning. The Selectmen and Chief went into executive session to discuss the details. The Chief stated that his final conclusion was that Mattapoisett plows had not been responsible but that a neighbor had done the plowing.

PUBLIC SERVICE OFFER

Robert Cattley, commander of the 483rd Engineers, offered the services of his unit to the town should they desire to build a bridge over the trolley car cut in the railroad embankment. Major Cattley noted that the town is interested in a bike path and this would be an important gap to bridge. The Selectmen said that the route is being considered as a route for the sewer connector. Major Cattley said that sewer pipe are commonly suspended from bridges so that this should prove no deterrent if the Board decided to take advan-

"Slave Day"

Once again, the Mattapoisett Senior High Fellowship will hold a Slave Day! The date will be Saturday, April 24 - just in time for your spring cleaning! We will do most any odd jobs - just ask! Anyone wishing to reserve a "slave" for the day or part of the day, may call the Congregational Church office from 9 to 12 on weekdays. The number is 758-2671. The money earned on this project will benefit the group's Craigville Retreat.

Need your house cleaned, or your windows washed? Does your boat need to be prepared for the upcoming season? Remember the Mattapoisett Fellowship's Slave Day Saturday, April 24th.

General Washington, when the Star-Spangled Banner was first flown, is said to have described its symbolism as follows, according to the U.S. Marine Corps Reserve: "We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

QUILTING CLASS AT ART CENTER

Becky William will be holding a quilting class at the Marion Art Center from April 26th to June 21st. Classes will be on Monday mornings from 10 A.M. to 12 Noon.

Becky began sewing quilts about 7 years ago but began loving them when she was a young girl visiting her grandmother's house where she would put her grandmother's Victorian crazy quilt on the bed and used to wake up early and pour over the elaborate stitching and fabrics. She and her partner, Deborah Keir, make quilts and a variety of invented items which they sell through shops and by personal order.

Since starting to work together just over a year ago they have shown their work at the Unitarian Church, Fairhaven; the Bicentennial Fair, Fairhaven; the Mattapoi-

ALL STARS LOSE IN NEW BEDFORD FINALS

The Mattapoisett All Stars, representing the Little League basketball program, were defeated in the finals of the New Bedford Recreation Little League Tournament last week by the Model Cities All Stars of New Bedford 32 to 25.

In the finals, Quinlan led all scorers with 14 points and Steve Carvalho chipped in with 5.

On their way to the finals, the All Stars defeated the Fairhaven Recreation All Stars 45-9 in the first round as Quinlan scored 10 points, Carvalho tallied 8 and David Harris, Jeff Hoff and Kenny Fay had 6 points apiece.

The All Stars reached their peak in the semi-finals as they surprisingly outclassed a good Carver Recreation five 57-32. Quinlan was spectacular as he tallied 35 points and Carvalho contributed 14 more and played a strong backcourt game.

Quinlan and Carvalho were selected as All Star team members by the local officials and the former narrowly missed most valuable player honors. In three games, Quinlan tallied 59 points. Awards to all star members will be made at the Annual Awards Night banquet to be held this Thursday at the Old Rochester Regional Junior High School.

Art Awards

Actively working to honor its "commitment and responsibility to art students in the area", the Marion Art Center announced award selections in the 12th annual Scholarship Show on Sunday, April 11th, at the Art Center. Cindy Westbay won the top Scholarship Award of $250., while Martha Dawson received the Portfolio Award of $50.00. Both women are seniors at Old Rochester Regional High School.

The Scholarship Committee, composed of Sandra Bilodeau, Maggie Duff, Virginia Brush and assisted by Margaretta Pothier, expressed pleasure at the number of entries this year from ORR, Bourne and Fairhaven High Schools. Each entry received the studied judgement and written comment by Elleda Katan, professor of Art Education, SMU; and Ditmar Winkler, Dean of the School of Fine Arts, SMU. Cindy Westbay, noted as "the best colorist to show" and as one who displays "great inventiveness in her approach", felt the comments to be vitally important. "We (the artists) were able to get a different look at our work. We got comments from sources other than those who normally see our art. And it's nice that the public can see what we're doing."

Sarah Brown, president of the Art Center, was delighted at the turnout for the show, adding that "we'd like to see all area schools participate. We do have a commitment and responsibility to the art students in the area." The awards, proceeds for which come from the August Sidewalk Art Show, are seen by Mrs. Brown as "an encouragement to the students more than anything else." In addition to the Scholarship Show, the Art Center is planning a show for grade school artists of the Sippican School and a weekend exhibition of works by all ORR art students. Mrs. Brown concluded that "students need the opportunity to display their works."

At the show, one area art teacher remarked that "kids are at a higher level with their art now when they come out of high school. They're seeing so much more." She continued that the

That's something we've been doing for years, writing policies that take the worry out of being a boat owner and seafarer. We know all about the bad things that can happen to those who venture out on the water in small crafts. And, while we can't prevent storms, chase pirates, or rescue you at sea, we can provide the kind of insurance protection that takes some of the risk out of going to sea.

Director Bob Lucas will discuss the effects of an acidy soil and how to correct this condition. People are encouraged to bring a handful of soil from different sections of their garden to be tested.

ORIENTAL GINSENG

"The Ancient Root of Life"

From the Greek, Ginseng means "all-healing". Ancient pharmacists reported that the herb had a tranquilizing effect on the brain, soothed nervous irritation, helped concentration, improved memory and lengthened the life span. Modern Science is beginning to rediscover the powers of Ginseng for increased vitality - in Russia, Ginseng has been used by cosmonauts and members of the Olympic team. Numerous experiments have shown increased physical and mental efficiency, improved accuracy and concentration and prevention of fatigue.

This package program has been put together by the most knowledgable music arrangers in the International Society in order that affiliated chapters throughout the country can present barbership's contribution to our American heritage in the best possible light.

The second half of the program will feature several outstanding quartets headlined by the International champions, "The Four Statesmen". The theme of the show is "What A Country" and we hasten to add "What A Program!"

NOTICE

In this issue of the Presto Press a notice of Mortgagee's Sale of Real Estate is being published by Southeastern Bank and Trust Company against Stephen J. Lombard and Jocelyn M. Lombard. This particular foreclosure action is being brought as the result of a dispute between Mr. Lombard and others and the Southeastern Bank.

Mr. Lombard is a stockholder and former employee of A.C. T.S., Inc., a Fairhaven accounting, bookkeeping and computer services corporation which is now out of business. A.C.T.S., Inc. had executed an agreement whereby it would be acquired by and merged into Southeastern Bancorp, the parent company of Southeastern Bank and Trust Company.

On or about February 14, 1975 A.C.T.S., Inc. and its principal stockholders filed a civil action in Superior Court asking that Southeastern Bancorp complete the purchase agreement to acquire A.C.T.S., Inc. and asking for damages of $750,000.00. The suit alleges that the Bancorp failed to live up to its purchase agreement and that its policies caused A.C.T.S., Inc. and its stockholders to suffer financial damages.

Southeastern Bank and Trust Company holds a second mortgage on Mr. Lombard's residence and on real estate of two other A.C.T.S., Inc. stockholders, mortgages which were given as additional security for a certain A.C.T.S., Inc. loan. The Small Business Administration recently repaid to the bank 90% of the amount of this loan.

Mr. Lombard has a first mortgage on his house with the New Bedford Five Cents Savings Bank which is completely up to date.

Mr. Lombard and other stockholders are currently seeking to restrain the Southeastern Bank and Trust Company from proceeding with this foreclosure pending the outcome of the principal lawsuit. Formal complaints and requests for investigation and intervention are also being made by Mr. Lombard and others to the state Banking Commissioner.

STOP SMOKING PROGRAM

A Stop Smoking Program, sponsored by the Greater New Bedford YMCA, will be held on Monday, May 10th, through Friday, May 14th, according to Vincent Goglia, physical director.

The seminar will include consecutive sessions, Monday through Friday mornings starting at 9:30 A.M. featuring lecturer Donald P. Fortier, a noted authority in the field of "Stop Smoking". Mr. Fortier has been working throughout New England for the last three years. "As a community service program sponsored by the Greater New Bedford YMCA we are particularly pleased to have Mr. Fortier head the series," reported Mr. Goglia. The clinic is twofold, first a fund raising program for the Greater New Bedford YMCA, as well as a community program.

There will be no charge for the introductory session on Monday morning.
